

Greetings!

Thank you for your order of the Revitalization Track. We are glad to provide you with one or more of Levels 1 – 4 of our church consultant training curriculum.

In order to document your completion of a Level of training, please email us a 1 - 2 page (500-word minimum) assessment of the top 5 – 10 areas from each Level that you found most helpful and plan to implement immediately or in the near future, as well as any other comments that are relevant to the curriculum. At the completion of each Level, please send your assessments separately to mark@churchconsulting.org. Do not wait until you have completed all Levels to send in your assessments.

Once we receive your assessment for a Level, it will be documented that you have completed that Level of training. An email confirmation will be sent. Upon receipt of the confirmation, you may submit your next assessment, if applicable.

Training materials including, but not limited to, documents and digital downloads are not transferrable to another individual or group. Only the purchaser will be entered into the Society for Church Consulting database of trained consultants.

We are excited that you have chosen to join a most needed group of individuals whose goal is to help revitalize the hurting church!

Many blessings to you as you develop and/or expand your ministry,

Mark Lenz

President

Society for Church Consulting
